MINNESOTA.

MINNEAPOLIS.

MINNEAPOLIS, Minn., April 1.—[Special.]—The city today has a series of greater political excitement than that attending today's municipal election, and a most stirring Republican victory is not an result. We across the Mississippi have been reported, but the activity and zeal displayed by both Republicans and Democrats in bringing out the full vote has been unprecedented. The registration closing Saturday night was an event longer than anticipated that even those following the hour had closed were speculating. The previous registration gave nearly 15,000, with the present over 18,000. The result has been that the full vote could not be polled in many of the precincts, it being estimated that hundreds were shut out. But the record of the Republicans has been a magnificent one, they not only electing Gregg A. Dikinson to the Mayoralty, but capturing the Council. Wing & Hawkes evidence that Republicanism is not dead in Minneapolis, and that the Democratic party has a mighty struggle to secure a majority in the Council. The Democrats make a desperate struggle to secure a majority in the Council by electing the Democratic candidate for Mayor, Hon. Edmund Rice, and the Democratic candidate for Recorder, Hon. Edmund Rice. The Democrats have been defeated by a majority of 1,000. The Democrats have been defeated by a majority of 1,000. The Democrats have been defeated by a majority of 1,000. The Democrats have been defeated by a majority of 1,000.

CHICAGO BEEF.

NEW YORK, April 1.—[Special.]—The stockmen and beef dealers of Washington and Jersey markets are today laughing over the action of the several live butchers who met last evening at an East Seventh street hall, and made arrangements to run a meat-canning for the benefit of defraying the policy in their suit against Chicago beef. Butchers-men from canning said:

"Every Chicago beef is dressed or part of the dressed meat, and sells for very much less a cent per pound less. There are now over a million barrels of Chicago beef in cold storage in this city, and the packers and butchers in Chicago are in a position to sell their meat at a cheaper rate than we can afford to sell ours. We are not afraid of the boycott, and we will not be intimidated by any such threat."

The butchers' meeting is considered this and the committee is said to have decided to call a public meeting to be held in the near future, at which the boycott will be discussed.

ACCORDING to the annual report of the Mine Inspector of Indiana there are 200 mines operated in the State, by 5,000 men on a capital of $1,000,000. The products for the year 1883 were 2,000,000 tons. There were but three deaths during the year arising from mine accidents.

THOMAS BOYLAND, prosecuting Warrender, of Alabama, is investigating charges made against Mr. W. H. Phillips, a former Congressman from Kansas, that improperly $50,000 collected by him from the United States Government for the Cherokee Indians. A civil suit for the recovery of the money has been entered.

MR. GEORGE A. PILLSBURY, the Republican candidate for Mayor of Minneapolis, was elected yesterday over Ames, Democrat, the present incumbent, by an estimated majority of 1,000. The other Republican candidates for city officers and a majority of the Republican candidates for Aldermen were also elected. The result is a splendid triumph for good government and high license.

AN effort by a gang of Democratic roughs to capture the Sixth Town election yesterday in order to carry a resolution to rescind the proceedings taken when Mike Evans was arrested by the police and compelled to pay $50,000 recovered by the ex-Alderman was defeated by the prompt and energetic action of Att. Palmedon, S. S. Hall, and other prominent citizens. Only $10,000 was voted for the town expenses for the coming year.

AT the West Town meeting yesterday a resolution was adopted instructing the Supervisor to discuss the anti-gambling in the county and to secure the 5 per cent on collections at least to be legally retained by collectors. Supervisors Coughlin, Castleton, Dunphy, Ryan, and Wolfram, Constable, Dunphy, Ryan, and Frank, Justice Stuart and C. J. White present, but to no effect. The meeting seemed to have been packed by the friends of the ex-Town Collector.

THE Chicago produce markets were very irregular yesterday. Provisions were very dull, and weaker, closing at much lower figures than on Monday. Pork was off 50c per bbl, and lard and ribs and bellies 10@12½c per 100 lbs. Wheat closed unchanged from a shade higher, closing nearly to best of the day. Corn was off ½c per bu. Oats closed unchanged. Rye was off 1@2c per bu. Barley closed unchanged. Flaxseed was off 2c per bu. Hogs were 5c lower, closing weak. Cattle were steady to 10c lower. Sheep were steady.

THE Union, with the English troops under its command, sailed yesterday from Suakin for Suez. This merely another new departure in the British policy so far as the Soudan is concerned, and, taken in connection with the return of Mr. Gladstone to his parliamentary duties, indicates the subsidence of the Nile element in the London Cabinet. It is probable now that Gordon will be left to fight his very battles at best he can. His situation is perilous in the extreme. The Arabs are now supposed at first to be friendly to the new arrivals. The London Times' correspondent at Ekerteen telegraphs that Gordon is daily expecting British troops, and that the very existence of the garrison depends on their arrival.

MR. SPRING, the retired Congressman from South Carolina, recently started, in discussing the political situation with the Tribune correspondent, said that the Republican delegation from the State to the National Convention would be for Arthur. The only persons who are expressing themselves in this manner are Federal officeholders, and of course they are for the present occupant of the White House. In Texas and other Southern States the political situation, as far as the Republicans are concerned, is similar to that in South Carolina. It is believed, however, that while the Southern delegates will vote on the first ballot for Arthur, a majority of them will be ready to make their change on subsequent ballots. Many of them are said to be in favor of Logan as a second choice.

WE observe that the Peoria Transcript is grieved because the Chicago papers arriving in that city by the fast mail do not contain the full mail news after 11 o'clock, although the fast mail does not leave until 1 a. m. If this is true the Transcript ought to criticize. It ought to have no difficulty in getting all the telegraphic news Tuesday that is to be given to the people of the East. The Tribune would take pains to have it on hand for its farmer readers, and think, having in very advantageous ways correspondents and paying about $200 a week for the prompt and trustworthy transportation, it would be pretty apt to print all the news of the world every morning by 7 a. m. If the Transcript can do better with the

[illegible] mail of the forenoon from Sunday up in Chicago about midnight it is a great task. Under the circumstances it might be grateful to The Tribune for not printing the news, if such a fate were to befall the Sabbath. Its getting out by the last mail every morning the local correspondent in the United States, and if we don't do it the reason must be that we want to oblige the Peoria Transcript by holding back a part of the report. In the public faith The Tribune will surely have the sympathy of the people of Peoria and the adjoining counties.

THE result of the town and city elections yesterday was not unexpected. Owing to the dissensions existing in the Republican and the complete control of the Democratic party by the Democratic ring, the success of the Democratic ticket was almost a foregone conclusion. The Democrats have carried the town elections in the West and South Sides with great ease and by large majorities. On the North Side Evans and Dunphy, Democrats, have been elected respectively Assessor and Supervisor. The Democratic candidates for Town Clerk and Collector, however, have been successful. One of the most interesting features of the election is the defeat of Fitzgerald. The following Aldermen have been elected:

[illegible]

The most unfortunate choice is that of Wheeler in the First Ward. Mr. Harrison recommended himself to everybody in general and to the Democratic party in particular by his action in the case of the murderer Bonfield, who, though he was not in the least fond of the Democratic organization, is a citizen and more especially a Democrat, and must necessarily be supported by the Democratic party. Mr. Wheeler, who is a Democrat, and must represent the First Ward in the Council with some dignity and self-respect. We do not doubt that a person so notoriously unfit has ever been selected to the City Council, but as it has occurred in the public service, as in any Ward, to his election the very pieces of disgrace had been applied.
